

**ALFRED D. TABUYAN**

BS ACCOUNTANCY

2008 – 2018

Our family, a household of 7, was living in destitute. My father earning just barely enough to cover the needs of the family, my mother was doing home-service for personal care, but stopped working as she started to experience negative health conditions. Feeding a family of 5 is a daily struggle, at some point we were only able to eat once a day, or worse, none at all.

Though the everyday support often comes short, my family values education a lot that my mother would do everything in her power to make sure that her kids are sent to school. I was lucky that I am accepted to this foundation to assist me, lending their helping hands on my journey.

My parents were relieved a bit from the burden of education. Through the foundation's scholarship program, it made them able to buy materials for school not only for me but also for my siblings. It helped to lessen their worries about sending their kids to school unprepared.

Later on, the foundation launched their feeding program campaign to make sure that the scholars are in proper nutrition which I am also included on the program. This program

helped me a lot, especially on my growing years. When I was in high school, teachers notice my poor participation in class activities. It is because usually I go to school with an empty stomach, it is a struggle for me, as a kid in this phase.

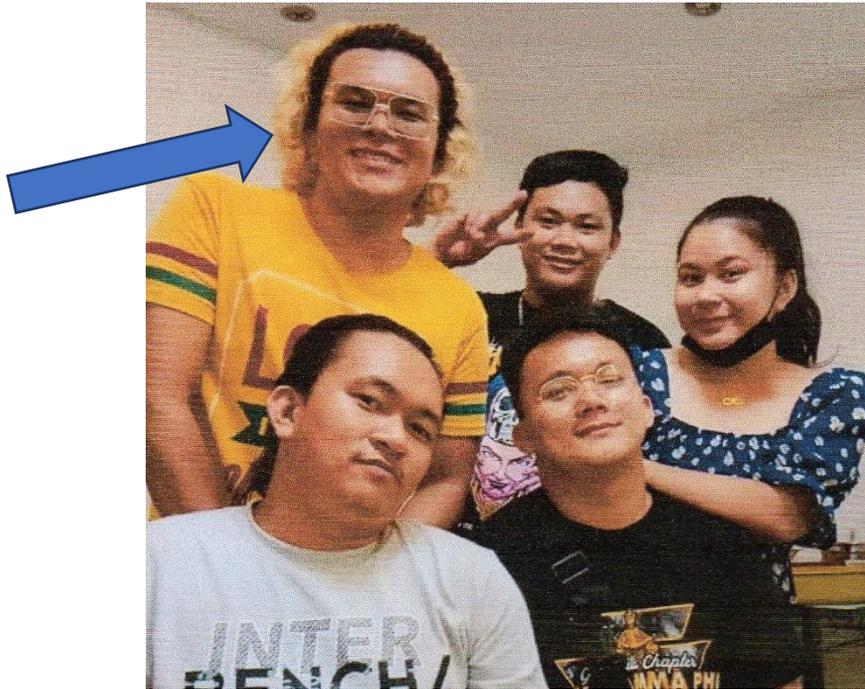

A simple meal would look like just a normal day to other people, but for us living who are living in poverty, it is big thing that we should be thankful of. With the foundation's feeding program, I get to eat hot meals every day I go to school with the foundation members making sure that we are getting the lunch we need to continue through the day.

I am currently on the workforce now, looking back, I see that I am no longer be in this place without the great people behind the foundation, some really need a lift to continue in achieving their dreams. Life is not much as great but definitely in a much better situation compared to 10 years ago, as I am able to support my parents and return the fruits of what they have poured out for me, a gift of education.

*This will never be possible without the help of the foundation. From the bottom of our hearts, my family and are very thankful for of the staff and the kind donators that make up the foundation, genuine people who go and extend their hands to help people in need, we are truly grateful in helping us in assisting us, though education.*

This is where I live, its just cluttery outside but cozy inside. Compared to our previous house this is much better.

**JONATHAN B. MURIAL**

**BACHELOR IN OFFICE ADMINISTRATION**

**2004 - 2012**

I am Jonathan B. Murial, "Othan" for short, 30 years of age. With the help of the foundation I graduated a degree of Bachelor in Office Administration at the University of Caloocan City. Now, I am currently working at an educational institution as an Office staff. I am the eldest of my siblings shown at the picture above and now I am really working hard for them.

Fountain of Hope foundation, helped me to graduate from 1st Year High School to college in term of finances. The administration really cares so much with their scholars by tapping and having a consultation session. I am grateful that the members of the Foundation understand our situation and extend their arms for support in many ways. I hope and pray that FOHF grows bigger and continue its mission to give chances to

those students who want to graduate and soon, help family members to uplift their status of living.

**MARIANNE B. ECLARINAL**

**BS IN MEDICAL TECHNOLOGY**

First of all, I would like to thank fountain of hope for supporting my studies. I am very happy and appreciate that I was selected as the recipient of your scholarship years ago. Thank you to your generosity, with the help of this scholarship, I'll be able to further increase my chances of success. You have lightened our financial burden which allows me to focus more on the most important aspect of school, learning. Your generosity inspired me to help others and give back to the community, I hope one day I will be able to help students especially those in need to achieve their goal just as you have helped me.

I am Marianne C. Eclarinal, 25 years old. I graduated a degree of Bachelor of Science in Medical Technology. Now, I am currently working as a Medical Technologist at a clinic here at Camarin. I am the eldest of my siblings shown at the picture above and now I am able to help our family with our needs.

**MELODY M. DAMASO**

**BSBA MANAGEMENT**

2004 – 2009

Hi this is Melody Damaso your scholar from 2004-2009. I am very blessed that I am a college graduate, a bachelor degree holder, and this is because of the big help of fountain of hope foundation. I am very thankful of this foundation specially to ma'am Seidel, more power and God bless. Now that I have already a family this gratitude letter is not only from me also from my family.

**WILLYN VELASCO**

**BS BUSINESS ADMINISTRATION**

**2005 – 2009**

Back in 2005 when I was in college in UP Diliman, the foundation was able to support my finances for education thru the semestral allowance I receive from first year to 4th year college. This allowed me to support my college expenses while I was also working as a part time-tutor while studying. Working and studying may be tough, but I was able to make it through and graduate in college with flying colors with the foundation's support.

Now, I am a Brand Marketing Manager at GlaxoSmithKline Philippine and able to pay my bills in time. Further, I am able to avail a better house now which is very far from our previous house beside the road.

**CHRISTY ANN LINGA**

**BACHELOR OF ARTS IN COMMUNICATION MAJOR IN SPEECH COMMUNICATION**

**2004 - 2014**

Fountain Hope was not only able to help me but it helped my whole family have a better life. I was a scholar of FOHF since 2004. I was in Grade 5 back then. Every time I'd receive my allowance, it will not just fund my school expenses but also that of my siblings. I was able to graduate in a premier university and now I've been working for almost nine years as a copywriter and editor in two of the biggest media companies in the Philippines. Fountain of Hope Foundation has always been a big part of my success.

**BREAN ATEAH L. DANIELES**  
BS INFORMATION SYSTEM

FOUNTAIN OF HOPE FOUNDATION not only helped me and my family financially in terms of school fees alone. It proven that there are people out there that is willing to help those that are in need. My father died early so my mother had to work double time to support our whole family esp. me and my sister are still studying during that time. I am very thankful that we have FOHF to support and help lessen the worries of my mother. Luckily, after graduating I was able to get a job immediately and now, I'm about

to celebrate my 4 years of being in the company I currently work for. FOHF inspired me to work hard so that I can repay them in the future of help others.

**SHYRA R. SUMINTAC**  
BS BUSINESS ADMINISTRATION

First of all I would like to say Thank you so much! because of the FOUNTAIN OF HOPE FOUNDATION I was able to graduate with a degree I feel lucky and honored to have received sponsorship for my education and as of now I am the breadwinner of the family and currently working with Accenture with a position of Data Analyst and of course I was able to help my younger sister for her education financially and I hope that she will also finish her studies, so that I am very blessed and Thankful with this FOUNDATION.

**JOHN PAUL O. METRIO**

BS ACCOUNTANCY

It's a great honor for me to be a part of Fountain of Hope. I'll would like to thank all the board members, the committee, and the staff of FOH.I was started since Grade 4 up to finishing my course, BS Accountancy. They support me all the way and now I become a Certified Public Accountant and work in one of the good Company in Makati as a Compliance Assurance Manager, to bring back my blessings, I'll support my brother and sister for their schooling. I want to be an inspiration for them to achieve their goals and finish studying., Again thank you so much to FOH for giving me a chance to study and achieve my goals. May the Lord bless you always because you help so many people and get better job.

**ANGELICA B. FERRER**  
BS OFFICE ADMINISTRATION

Every student has a dream to finish their study, but not everyone of them. have a better life to pursue their dream. There are some working student's also there are some join scholarship to support their studies and I am one of them. I am one of those who was helped by the Scholar "FOUNTAIN OF HOPE FOUNDATION". FOUNTAIN OF HOPE FOUNDATION helped me by providing my financial needs, also their help extended to my family specially to my brother and sisters. And because of their help I am now a

college graduate and now able to work in governments. Thank you for taking the time of their life to sponsor us I generosity will help some other students who has dream.

**MICHELLE L. DERAMAS**

BACHELOR IN SECONDARY EDUCATION MAJOR IN SCIENCE

2016 - 2021

I was in Grade 11 when I was accepted in the Fountain of Hope Foundation, that was 6 years ago, year 2016. The allowances that I've received the moment I was accepted in our Foundation gives a huge help not only for me but also for my family. The allowances that the foundation gave to me was used in many purposes. First, for my miscellaneous fees in my school. Though we do not have tuition to pay, there are lots of miscellaneous and everyday expenses that the allowance gave by the foundation provided. Second, it also help my siblings in some of their school expenses especially to my sister who were

having a tuition fee because she was not accepted in a public university, therefore to continue her study, my parents are working hard to have an income to sufficiently support my sister in her study, therefore when we have extra money with the allowance I was received every semester, we also use it to fill in her budget for tuition fee. Third, the allowance is also helpful for everyday expenses such as for transportation, lunch and school supplies that I need for studying. During pandemic, the allowance that was given by the foundation was a great help in buying my prepaid wi-fi because internet connection is so slow in hotspot mode, therefore when I got my allowance, my mother told me to buy one prepaid wi-fi so that it could help me and my siblings to have a good internet connection while we are having our online class. Lastly, the allowance that I've received when Covid-19 started is a huge help in our quarantine life. because my father does not have work on that time for about three months, therefore the money we got was used to buy foods, medicines and necessities during the surge of Covid 19.

**GRACELYN L. DANIELES-DILLA**  
BSBA FINANCIAL MANAGEMENT

Fountain of Hope Foundation has helped me in a lot of ways back when I was still studying. They provided us with financial support that was able to sustain my educational needs and also our family needs. FHF has been one of my strong foundations in terms of my education and I am very grateful that I have been a beneficiary of this good foundation.

**MOISES P. LAJOT**  
AB POLITICAL SCIENCE

Hello, I am Moises Cajot, I am truly grateful for the scholarship support for more than 10 years in the foundation it truly helps me a lot, this scholarship allows my parents to

worry less about my school supplies and on the needs of our family. Again, Fountain of Hope Foundation thank you for all your Support. Wishing that you help more families

**ALYSSA MARIE CARYL M. DE SAN JOSE**  
BACHELOR OF FINE ARTS MAJOR IN INDUSTRIAL DESIGN

Fountain of Hope Foundation helped me to fulfill my dreams in becoming a full-fledged designer. They have supported me financially and emotionally throughout my college

Journey. I will forever be thankful for all the help they have extent to all of us scholar. As of now, I am now working in a good company and was able to provide for my family.

Miss Jobylin Ramos

Graduate, Bachelor of Science in Biology

University of the Philippines Diliman

School Year: 2005-2009

Scholar: Fountain of Hope Foundation Inc (4 years)

“Life is a gift, and it offers us the privilege, opportunity and responsibility to give something back by becoming more.”

I am Jobylyn Ramos, residence of Camarin Caloocan City. My parents were separated since I was in elementary and I am living with my mother. She is a vendor of different sort of foods. Despite being financially incapable to go to college I strive hard in high school so that I can graduate with honors. In fact, I graduated as Valedictorian in my batch. Fountain of Hope helped me to pursue my study in college. The financial assistance by the foundation was very essential for me to pursue my study. I was admitted in the University of the Philippines as a BS Biology student. In college, I diligently study even up to the point of having sleepless nights and demanding weekends just to have good grades. I believe nourishing my mind is the only way I can break free from the ties of financial incapability. I also had part time jobs as tutor of elementary students to supplement my financial needs. I believe I am fortunate enough to have those people who were used by God as an instrument to help those students like me (less fortunate) to make their dreams come true. I struggled so hard because I believe I should never waste the gift of having those people who have golden heart to help me in my study. In that way, I can sincerely say how thankful I am for all the help that they gave. I graduated in college as Cum Laude and now I am working with GlaxoSmithKline Philippines as a Medical Representative. I am currently helping

my cousin to go to college thru financial assistance. I believe I can return the God's favor to me by helping others to pursue their dreams. Also, I can say my life is now way better compare before.

I believe God will return back the favor to those people he used as an instrument to help us. Thanks to those people who have golden heart and have responded to the calling of the Lord to help those in need. I hope someday I can give back what was given to me when I am in college by helping those less fortunate children to go to school and make their own successful story to tell.
